CRANE

**THE
UPTURNED FACE**

STORY

Introduction

Though high-quality recognised for *The Red Badge of Courage*, his traditional novel of guys at warfare, in his tragically quick existence and profession Stephen Crane produced a wealth of memories among them *The Monster*, *The Upturned Face*, *The Open Boat*, and the title tale that stand a number of the most acclaimed and enduring inside the history of American fiction. This exceptional volume collects stories of precise strength and variety wherein impressionistic, hallucinatory, and realistic conditions alike are brilliantly conveyed through the bloodless, sometimes brutal irony of Cranes narrative voice.
